To Whom It May Concern

The Management Committee of the Warrawee Women's Shelter wish to submit a request for circulation in your next newsletter that any communication, court order, or document prepared for a client who is, has been or is about to be in residence at the Shelter will not identify either the name of the Shelter or its address.

Many of the women and children who use the Shelter do so because of family violence. It is necessary to keep the location of the Shelter as confidential as possible for the protection of the women and children who are in residence at any time, the staff and Management.

The legal community is invited to direct any queries about this request to the Management Committee and preferably by email to warrawee@bigpond.com or by telephone ☎ 03 6425 1382.

Yours sincerely

Kathy van Beek

Secretary
Warrawee Committee Inc
